Washington, January 30.—(AP)—The submarine S-3 missing since last Saturday, was found tonight off the northern Florida coast, proceeding under her own power to Guantanamo, Cuba.

Findings of the submarine, sister of the ill-fated S-4, was reported to the navy department by Rear Admiral Frank H. Brumby, command-

The message to Brumby was from the commander of submarine division three, of the control force. It said merely that the S-3 had been found in latitude 27.30, longitude 74.07, that she was proceeding to Guantánamo and that the wide search for

No other details were given and in their absence naval officials here held to their original theory that the ship, when she disappeared off Cape Hatteras last Saturday at sundown in a storm, suffered damage to her radio and was unable to declare her position.

The control force was en route to Cuba for winter maneuvers when it encountered a storm 100 miles south of the cape. The S-3, commanded by Lieutenant P. W. Warren, of Springfield, Ill., lost contact with the command and her sister ship at once began

She was found many miles south of her last reported position, bearing out the belief of officers here that she was safe but out of communication, making her own way to the convoy's destination.

'ANTI-WAR' TREATY GETS AID IN BERLIN

Berlin, January 30.—(AP)—Secretary Kellogg's invitation to France to join with the United States in establishing a series of peace pacts was characterized by Dr. Gustav Stresemann, the foreign minister, in the reichstag today as gratifying to Germany.

The minister made his first speech in six weeks, having been ill during most of that period, saying: "It is a cause of satisfaction that the United States in this matter showed active interest in the security problems, and it is to be hoped that thereby the Geneva discussions on this subject will receive new impetus."

Says Germany Is Disarmed.

The minister's reference to the United States came in connection with a discussion of Germany's memorandum forwarded to the League of Nations' security committee. He declared that no country in the world had done more for the solution of the problem of international security than Germany, adding: "We are disarmed; we have committed ourselves to The Hague arbitration tribunal for the adjudication of all juridical conflicts and have created a network of arbitration and compromise treaties."

Scores French 'Hypocrisy.'

The climax of his speech came when he asserted that the cry for security by certain circles in France was "a piece of hypocrisy, for which the world will not stand longer."

PARALYSIS CASES STOPS UNIVERSITY SOCIAL ACTIVITIES

Stanford University, Cal., January 30.—(AP)—All social activities at Stanford university have been indefinitely postponed, two swimming pools have been closed and other regulations are under contemplation as a result of the finding of several cases of infantile paralysis, it was announced today.

Out of seven cases reported six were discovered in Roble Hall, girls' dormitory on the campus. The seventh case was found in a sorority house. University authorities are said to be considering the advisability of cancelling all scheduled athletic activities indefinitely.

THREE CHILDREN PERISH IN FLAMES OF HOME

Gardner, Mass., January 30.—(United News).—The three small children of John Szynkowski, farmer, perished today in a fire which destroyed their home.

Mrs. Szynkowski left the children in the kitchen while she milked a cow. A pot of fat, which was on the stove, boiled over into the fire. Instantly the kitchen was a mass of flames.

Efforts to save the children were in vain. The house, with all its contents, was burned to the ground. The children were: Jennie, 4; Frank, 3; and Mary, 1. The family recently moved here from Hackensack, New Jersey.

ROOSEVELT FLAYS SMITH, TAMMANY

Topeka, Kan., January 30.—(AP)—Carrying into the middlewest his fight on Governor Al Smith, whom he declared the democratic party "is preparing to run for president," Colonel Theodore Roosevelt charged here tonight that, through the New York executive, Tammany Hall was seeking control of the white house and the nation.

Coupled with his assault on Governor Smith, the former assistant secretary of the navy, struck at religious intolerance, advocating a plank in the republican platform declaring that "no man shall be given or denied public office because of his religious beliefs. We want no Senator Hellin in the republican party," he said in reference to the democratic senator from Alabama, who has attacked Governor Smith and the Roman Catholic church.

GOVERNOR LAUDS CURTIS IN SPEECH.

New York, January 30.—(United News).—The candidacy of Senator Charles Curtis, Kansas, for the republican presidential nomination, was lauded tonight by Gov. A. Paulen, governor of the state Curtis represents in congress.

DEMOCRATS TO MEET IN LARGEST HALL.

Washington, January 30.—(United News).—The democrats will have the largest hall at Houston, Texas, ever used by them for a national convention, said Clem L. Shaver, chairman of the democratic national committee. Expressing his satisfaction with arrangements now going forward for the convention in an especially built hall to seat 20,000 to 25,000.

FEDERATION BARES 'RED' PROPAGANDA

New York, January 30.—(AP)—The national civic federation, in a letter to the American-Russian committee of commerce, today repeated its request that the latter organization use its influence to end a "flood of subversive soviet propaganda" in this country.

The chamber, replying to the first request two weeks ago, said that as a commercial organization it could not interfere in Russian-American political issues, and that the growing commerce between the two countries would do more than any other agency to neutralize whatever propaganda campaigns the soviet government might undertake in this country.

"Figures relating to the total of 1927 commerce between this country and Russia have no bearing on the issue of propaganda," today's letter from the civic federation asserted.

"The total of Russian trade with the United States in 1927 was exactly the same as in 1913, and represented but one per cent. of the foreign commerce of the United States."

"It is pertinent, however, that a statement by Stalin, soviet leader, to the communist congress last October openly boasted that 'we have helped the communist international in all countries to develop and hasten world revolution.'"

'NATIONAL GUARD' HEAD IN NICARAGUA ENLISTS RECRUITS

Managua, Nicaragua, January 30.—(AP)—General E. R. Beadle, chief of the Nicaraguan national guard, has established recruiting stations in all important cities of the country to stimulate enlistments of the better class of Nicaraguans in order to meet requests from all sections of Nicaragua for guardsmen.

General Beadle has been handicapped in meeting requests for guards by lack of funds. Captain Donald J. Kendall, of the marine corps, stationed at Bluefields, has been commissioned a major in the national guard and will take over the policing of the city of Bluefields, as requested two weeks ago by Juan J. Estrada, political executive of the department of Bluefields.

TEXTILE WORKERS START 'WALK OUT' AFTER WAGE CUT

Fall River, Mass., January 30.—(AP)—One Fall River cotton mill was closed and 100 weavers employed in another plant walked out today as a wage reduction of 10 per cent became effective in the textile mills of the city.

The Davis Mills, employing approximately 850 operatives, were closed by the management when several loomfixers walked out in protest against the wage cut. They were joined by weavers employed on one floor of the weaver-room.

In the Davis Mills, also employing about 850 hands, a section of the weavers left their looms. The management at this plant said it would be open as usual tomorrow.

PROBE WRECK OF TRAIN CARRYING IRISH LEADER

Ottawa, January 30.—(AP)—William T. Cosgrave, head of the Irish Free State, arrived here today nearly three hours late after experiencing a railroad accident in which he played an active part in rescue work and in giving first aid, despite having suffered a severe shaking-up.

J. A. Boyd, of Montreal, railroad foreman, who was driving the special presidential train at a rate of about 55 miles an hour, was killed, and two other railroad employees were seriously injured when the train apparently jumped a switch at Limoges, about 23 miles from here. Charles A. Dunning, minister of railroads and canals, announced that a thorough investigation into the accident will be ordered.

Cosgrave was chatting with a sister-in-law in his private car when the accident occurred. Two coaches left the rails and one turned over, but the presidential car remained upright. First reports that the train had run into an open switch were later discredited. None of the presidential party was injured.

CAPONE BROTHERS OUSTED FROM CITY SET FOR THURSDAY

New Orleans, January 30.—(AP)—Ralph and Albert Capone, brothers of "Scarface Al" Capone, the Chicago gang leader, today were told to get out and stay out of New Orleans by Superintendent of Police Thomas Healy.

Shortly after Ralph and Albert had been arrested in one of the city's leading hotels as "dangerous and suspicious characters" and had been released in recorder's court for lack of evidence, Superintendent Healy issued his ultimatum to them, coupling it with an all-station police order for the arrest of either or both on sight after noon tomorrow.

Precautionary Measure.

The superintendent's order was seen as a precautionary measure to prevent reprisals against Mayor William H. Thompson, of Chicago, who is to be here February 3 to attend the New Orleans handicap, for the anti-gangster campaign conducted by the administration of that city.

POLICE GUARD PICKED FOR THOMPSON.

Chicago, January 30.—(United News).—Eight policemen will be in the party when Mayor William H. Thompson goes to New Orleans for the \$50,000 stake race Friday, it was learned today.

WITNESSES TELL OF DRAWN SHADES AT TRIAL OF HILL

Ottawa, Ill., January 30.—(AP)—Window shades, drawn mysteriously low in the living room in the home of Mrs. Eliza Hill on the two nights before her body was found buried in the basement, intrigued neighbors, they testified today at the trial of the son, Harry, charged with murder.

Witnesses went in rapid succession during the day, most of them merely recounting the last time they had seen the wealthy divorced wife of Dr. H. C. Hill, Streator oculist. Nearly all the ten witnesses on the stand last saw Mrs. Hill the first week in August.

ICE CUT SO FIVE CAN BE BAPTIZED IN PARK LAGOON

Pana, Ill., January 30.—(United News).—Ice six inches thick was removed from a section of a park lagoon here so that the Pana Pentecostal church might hold baptismal ceremonies.

Three men and two women were immersed in the ice-covered water by the Rev. William Whitten and pronounced members of the church.

PA. VOTE RECOUNT SET FOR THURSDAY

Washington, January 30.—(AP)—The senate's recount of the ballots cast in six counties in the 1926 Pennsylvania senatorial election, which is contested by William B. Wilson, democratic opponent of William S. Vare, republican, is expected to begin Thursday.

The elections subcommittee in charge of the ballots impounded here, plans to put the finishing touches to the recount organization tomorrow. The recount will be conducted by both the subcommittee, of which Senator Waterman, republican, Colorado, is chairman, and two members of the special campaign funds investigating committee—Senator Reed, democrat, Missouri, and Senator LaFollette, republican, Wisconsin.

All Will Be Represented.

Both committees and each candidate will be represented by supervisors. Vare has selected Harry Kuezel, a county commissioner of Philadelphia, to represent him and the other representatives will be named tomorrow.

In addition to the supervisors each candidate will be represented at the recount by counsel and Philip Turner, census bureau expert who performed in the Iowa contests, will be the official tabulator. Eighty counters are expected to be engaged to keep records of the ballots as they are taken out of the ballot boxes.

Mexican Agent Slain.

Mexico City, January 30.—(AP)—Colonel Porfirio Rodriguez, officer of the secret service, was shot and killed today by secret service Agent Jose Navarro Hernandez in the courtyard of the department of the interior, where secret service headquarters is situated.

SIMPLE HOME MIXTURE DARKENS GRAY HAIR

Cincinnati Barber Tells How Any One Can Prepare It in 5 Minutes.

Any man or woman can easily look twenty years younger by simply darkening their gray, faded, or streaky hair. This is now easy to accomplish with a recipe given by a well-known Cincinnati barber.

Simply take a half-pint of water, add one ounce of bay rum, 1-4 ounce of glycerine and a small box of Barbo Compound. Shake and it is ready to use. These ingredients can be bought at drug stores at trifling cost.

Applied to the hair twice weekly this delightful mixture quickly gives the desired shade. It is easy to use, is not sticky or greasy, will not color the scalp and does not rub off.—(adv.)

GEORGIA EVIDENCE IN DUKE CASE HIT

Somerville, N. J., January 30.—(P)—Calmly and patiently answering questions in cross-examination, Miss Elizabeth Duke, of Wichita Falls, Texas, occupied the witness stand for the third day today in the litigation of a \$2,000,000 fund left by the late James H. Duke, for the lineal descendants of his parents.

Neither the soft, flowery oratory, nor the sarcastic references to her claim in the fund by executor's defense, could rattle her calm demeanor. Today she inferred that her opponents had introduced false evidence into the proceedings to invalidate her claims. When "Carroll county, Ga., and its settlers," a historical volume around which much of the suit has centered, was shown to her, she declared it was not the same volume she gave to the executor when she presented her first claim.

MAHARAJAH FAILS IN HUNT FOR PRIEST TO CONVERT GIRL

Bombay, India, January 30.—(P)—Efforts of the former Maharajah of Indore to arrange for the conversion of Miss Nancy Miller, of Seattle to Hinduism by orthodox priests at the Holy City of Nasik in order to marry her appeared to have been unsuccessful.

Hindu priests at Nasik, a stronghold of Orthodoxy, are reported to have refused to countenance such a conversion. A vernacular newspaper published at Delhi, while ridiculing the proposed conversion, asserts that a prominent Aryasakshi and Hinduist leader, with other advocates of Hindu reformation, have expressed readiness to perform the ceremonies of conversion. However, whether such a conversion would be acknowledged by the former Maharajah's relatives or castemen is doubtful since conversion by Aryasakshi rites is not accepted by the Orthodox section as having the sanction of Hindu scripture.

U. S. NEARS CLOSE OF CONTEMPT CASE

Washington, January 30.—(P)—The government drew near the end of its case today in the contempt proceeding against Harry F. Sinclair, William J. Burns and four others, growing out of the Fall-Sinclair oil trial, and planned to close after two witnesses are heard tomorrow.

William J. McMullin, the government's star witness, was finally exonerated from the stand today after another outbreak over whether he should be fingerprinted, and most of the remainder of the day was taken up with testimony as to the connection of William J. Burns with the Burns Detective Agency, which shadowed the Fall-Sinclair jurors for Harry F. Sinclair.

Burns' Son Testifies.
Witnesses for Burns, including his son, Raymond, declared the elder Burns acted only in an advisory capacity.

The government presented several witnesses to show that W. J. Burns used the pronoun "I" in referring to who had filed the affidavit accusing the government with tampering with the jury. This affidavit, made by McMullin, was afterward called false by him.

Immediately after the government's case is concluded the defense will move to strike out the majority of the testimony which has been submitted. The greater part of the prosecution's evidence was admitted by Justice Frederick L. Siddons under motion to strike it from the record later.

**SENATE TO REOPEN

Washington, January 30.—(P)—Further search into the operations of the extinct Continental Trading Company, of Canada, from whose profits the government contends Harry F. Sinclair sent \$250,000 in Liberty bonds to Albert B. Fall will be made tomorrow by the senate public lands committee.

Robert W. Stewart, chairman of the board of Standard Oil Company of Indiana, will be among those called by Senator Walsh, democrat, Montana, the committee prosecutor. It was the contention of Senator Norris, republican, Nebraska, prime mover in reopening the oil investigation, that Stewart attended a conference with

HOUSE BILL STOPS EXPORT OF ARMS TO NATIONS AT WAR

Washington, January 30.—(P)—Enactment of the Burton resolution to prohibit the export of arms to belligerent nations was recommended to the house today by its foreign affairs committee as an effort "to harmonize the policy of this country in the furnishing of military supplies" with international regulations approved at the second Hague conference pertaining to naval warfare.

The resolution, unanimously approved last week by the committee, specifically enumerates articles of warfare against which an export ban would become operative upon the declaration of war by any nation. This ban could not be removed except by an act of congress.

CLIMAX FEBRUARY 1**

Efforts of Eugene Talmadge, commissioner of agriculture, to hold the pay of W. L. Neese, assistant secretary and treasurer of the state board of agriculture, will come to a head Wednesday when Neese's salary for January becomes due, it was learned at the capitol Monday.

Commissioner Talmadge notified Neese last week that he would not sign a warrant for his pay. The commissioner said he had stated last fall that he did not think that the board of entomology needed the services of Neese.

When the board held a meeting in January it elected Neese to his office by a vote of Dr. Lyman Veeder and J. P. Hogg, associate members of the board. He was named over the protest of Commissioner Talmadge, who is ex-officio chairman of the board.

Neese announced last week that he would bring mandamus proceedings to force the commissioner to pay his salary if he did not receive his pay on February 1, when it becomes due.

Sinclair and other oil officials when the Continental Trading company was organized.

The company was organized about the time Sinclair leased Teapot Dome naval oil reserve through Fall and it was disbanded a few years later. M. T. Everhart, son-in-law of Fall, has told the committee that Sinclair gave him \$250,000 in Liberty bonds for interest in Fall's properties.

ENGLAND MOURNS DEATH OF GEN. HAIG

London, January 30.—(United News).—The first great general of the world war to join the ranks of the soldier dead, Field Marshal Earl Haig, 66, commander-in-chief of the British forces, is dead.

Physicians announced that his sudden death last night was due to strain during the war and of his work in behalf of Great Britain after the armistice. Nine years after the armistice, Field Marshal Haig, Field Marshal Joffre and General Pershing, of the allied military council, remained in the field.

On the other side, Field Marshal von Hindenburg now is president of the German republic and General von Ludendorff and Admiral von Tirpitz, though no longer active, are carrying on.

Second War Figure to Die.
The earl is the second great figure of the war to die, the first having been Woodrow Wilson.

He is succeeded as second earl by his 18-year-old son, George Alexander, Viscount Douglas Haig, Viscount Darnley, who was born in March, 1918, while Field Marshal Haig and the other allied leaders were planning the final German offensive.

Haig's death was entirely unexpected. Shortly before midnight Sunday he suffered a heart attack while in his room, William George Jamieson and Mrs. Jamieson. He went to his room, undressed, and was sitting on the side of his bed when he collapsed.

He was not with her husband when he died. She was spending the week-end with friends. With all England she was prostrated with grief.

Inspected Boy Scouts.
Only Saturday Earl Haig, apparently in fine health, was at Richmond, in the suburbs, to inspect the 20th Richmond Boy Scouts—"Earl Haig's Own."

Like every great personage during the war, Earl Haig had his critics, who found faults with his military tactics. But the British public, who had the utmost confidence in his plans. He made no protest when the command of all allied armies was turned over, in the interest of efficiency, to Foch.

Sir Douglas returned to London in 1919 to receive a tremendous ovation as he drove through the streets. Then he was given an earldom. He spent his time since the Armistice in fostering the interests of soldiers, former soldiers and boy scouts.

Plans for his funeral have not been completed. Whatever the plans, the British empire will pay homage to its greatest war hero. He may be buried either in Westminster Abbey, near the tomb of the unknown warrior, or in St. Paul's cathedral.

**KELLOGG CABLES U. S.
CONDOLENCES.**

Washington, January 30.—(P)—The condolences of the American government of the death of Earl Haig were conveyed today by Secretary Kellogg to Sir Austin Chamberlain, secretary of state for foreign affairs at London.

"May I express to you and through you to the bereaved family and the British people the deep sense of loss experienced by the government and people of the United States in learning of the death of Field Marshal Douglas Haig," Mr. Kellogg cabled.

Secretary Davis of the war department expressed the condolences of the American army in messages to the secretary of state for war at London.

"Many of our officers and soldiers take pride in our fortune to have served under his command," said Mr. Davis. "To all of us he was a leader whose ability contributed in a great measure to the success of the common cause."

COUNTY CANDIDATES HOLD RALLY TONIGHT

Qualified candidates in the pending Fulton county primary of March 2 will make bids for votes of the southern and western sections of the county at a rally to be held at 8 o'clock tonight at Russell High school, East Point, it was announced Monday by Hugh Connel, president of the South Fulton Improvement league, under whose auspices the gathering will take place.

More than a score of candidates already have qualified, and the meeting tonight is of special significance inasmuch as it is expected that those who will make active campaigns will take the field in the first section-wide rally.

Mayor C. H. Livsey, of East Point, and members of the city council have issued a circular advertising the meeting, and urging citizens of the community to register and vote in the primary.

For the convenience of voters, a registrar will be stationed at the East Point city hall Wednesday to register those wishing to qualify as voters in the primary, it was said.

No new candidates qualified in the races Monday, but since the registration and entry lists will close at noon next Monday, it is expected that several others will take the field during the week.

BILL ASKS VETS' SONS APPOINTED AS U. S. CADETS

Washington, January 30.—(P)—An increase in the number of cadets at the military academy and midshipmen at the naval academy, favoring sons of world war dead, was proposed in a bill introduced today by Senator Fletcher, democrat, Florida. The legislation would provide appointment of 40 students to each of the institutions by the president from among sons of officers, soldiers, sailors and marines killed in action or died prior to July 2, 1921, of wounds or injuries received or disease contracted in the line of duty during the world war.

FINAL RITES HELD FOR MRS. LATHAM

Funeral services for Mrs. Thomas H. Latham, of 909 P. n. avenue, who died Sunday afternoon, were held Monday afternoon from the chapel of H. M. Patterson & Son, The Revs. S. R. Bell and Marvin Williams officiated and interment was in West View cemetery.

Mrs. Latham is survived by two daughters, Mrs. Mary Latham Cox and Mrs. Edgar Alexander; a brother, Andrew A. Park, of Greenville, S. C., and six grandchildren.

HUGHES STOPS ROW AT HAVANA PARLEY

Havana, January 30.—(United News).—The United States desires only to be a coworker and a true comrade among American republics, Charles Evans Hughes asserted today in a brilliant address at the Pan-American conference.

By his speech Hughes—who is head of the United States delegation—virtually eliminated possibility of drastic changes in the plan of organization of the Pan-American union, changes which had been a bone of contention.

The address was a follow-up of the great appeal he made nine days ago for Pan-American cooperation. At that time he promised all American republics equality of treatment, and denied the United States had any imperialistic designs.

Repeals Assertions.
In today's speech Hughes repeated these assertions, and they brought immediate results.

Mexico had attempted to lessen the United States' influence in the union by making the election of president and vice president of the governing board an annual procedure and giving other nations an opportunity to be represented in the office of president.

But the union voted, 10 to 1, to continue election of president and vice president as heretofore, which means the United States secretary of state is likely to hold the presidency indefinitely.

Shortly afterwards, however, the Mexican proposal virtually was withdrawn, Mexican delegates announcing they would defer their suggestions until the next Pan-American conference.

Later, the Pan-American committee agreed that hereafter the director general of the union—Dr. L. S. Rowe, an American—should attend conferences as a union representative.

SHERIFF ESCAPES MOB WITH NEGRO PRISONER

Jackson, Miss., January 30.—(P)—Green Kirk, negro, alleged to have slain Deputy Marshall R. W. Hemby and to have seriously wounded Deputy Sheriff Earl Nunnery near Magee last night, was lodged in the county jail here today by the sheriff of Simpson county, who said he eluded a mob while en route with his prisoner.

The negro was taken from the jail at Mendonville and started for Jackson as soon as word was received of the death of Hemby, the mob formed as word spread of the negro's removal and trailed the sheriff for several miles, the latter reported. Hemby was slain and Nunnery wounded in a pistol battle with the negro.

Kirk told officers he had been drinking last night when Marshall Hemby attempted to arrest him. He said the officer shouted to him to halt.

THE INSTRUMENT OF THE IMMORTALS

And of this wonderful piano the companion of his genius Padereuski writes to Steinway and Sons:

Gentlemen—The supreme qualities of your instruments have been for years universally recognized. Public and individuals, amateurs and artists have been looking upon your pianos as upon a standard of perfection. Whenever perfection is attained question is stopped; for there is no room for climbing when the summit has been reached. And yet, in your case, this law of nature seems to have been defied. To the former qualities now magnified, intensified, you added an entirely new one, a quality which has been considered unimportant, superfluous, almost incompatible with the character of tone: an easy, light, surprisingly agreeable action.

Most faithfully yours,
I. J. PADEREWSKI

NEW ATTACK MADE ON CHAIN STORE TAX BY SHOE COMPANY

Another attack on the chain store tax imposed by the last legislature was made Monday when Judge G. H. Howard, of Fulton superior court, signed a temporary order restraining John M. Vandiver, state revenue commissioner, from collecting the tax on M. Samuels and company, Inc., operators of 15 shoe stores in Georgia. The order set February 11 as the hearing date on the Samuels petition.

HOW TO GET RID OF CATARRH

A Simple, Safe, Inexpensive Method that Clears Out the Head, Nose and Throat

There is no disease more offensive or disagreeable, or no disease that will lead to as much serious trouble as catarrh. You can now get rid of it by a simple, safe, pleasant home remedy discovered by Dr. Blosser, a catarrh specialist.

Dr. Blosser's Remedy is composed of medicinal herbs, flowers and berries which you inhale in a small pipe or cigarette. The warm smoke-vapor is inhaled into the air passages of the head, nose, throat and lungs and carries medicine where sprays, douches and salves cannot possibly reach. Its effect is soothing and healing and is entirely harmless. It contains no narcotics or tobacco, and may be used by children as well as adults.

If you suffer from any catarrhal trouble, catarrh, deafness, asthma, hay fever, bronchitis, or are subject to frequent colds, get from any druggist a pocket-size package of Dr. Blosser's Cigarettes, and prove for yourself their pleasant, beneficial effects.

PHONE RATE PROBE IS ASKED IN SENATE

Washington, January 30.—(AP)—A proposal for investigation of public utility telephone companies was put before the senate interstate commerce committee today as that committee struggled to reach a decision on the Walsh resolution asking an inquiry into public utility power corporations.

Senator Johnson, republican, California, introduced the resolution for a far-reaching inquiry into the telephone systems, calling particular attention to the rate increases he said were pending in California. It was sent to the committee without debate. The resolution of Senator Walsh, democrat, Montana, asking an investigation of the power companies faced some opposition in the committee today and a decision on it was delayed until tomorrow while a subcommittee sought to whip into shape an amendment.

The amendment before the committee was offered by Senator Walsh himself to exclude corporations engaged in distinctly intra-state business from the inquiry. Senators Sackett, Kentucky, and Pine, Oklahoma, republicans, and Wagner, New York, democrat, were named to draft an amendment along this line which Chairman Watson of the committee believed was generally favored.

However, there was no prediction from the committee room as to the outcome of a vote on the full resolution if amended. There were reports that some members favored putting the inquiry in the hands of the federal trade commission.

The resolution of Senator Johnson was almost identical in language to that of Senator Walsh and there were intimations from committee members that its fate, or at least the scope of its provisions, might be controlled to a large extent by the action tomorrow on the proposed power inquiry.

Not only the financing of the telephone companies but also the extent to which the companies are interlocked by holding corporations and the service furnished to the companies by the holding bodies.

Deacon Thomas Chapman disliked the sour notes and silently drawing a blackjack, yelled Casey McGurk Jones, baritone, who was singing off key, George Washington McGavock, basso, objected, and tearing a telephone from the wall yelled Deacon Chapman.

Later when Sergeant Juhlhill dropped in as was his custom, the choir, led by McGavock, was singing "Throw Out the Lifetime" while both Deacon Chapman and Jones lay unconscious, side by side in front of the choir.

Margaret Ashley To Start Today On Mound Work

Miss Margaret Ashley, daughter of Mayor Pro Tem Charles L. Ashley, who recently was appointed as field assistant to Dr. Warren K. Moorehead, head of the department of archaeology at Andover academy, Mass., plans to leave today or early Wednesday for Buford, Ga., where she will make her headquarters in her work of mapping out prehistoric mounds.

From Buford Miss Ashley will work her way up and down the Chattahoochee valley, taking in all mound territory between Gainesville and Atlanta, especially in the Suwanee and Flowery Branch districts.

After she has obtained data along the Chattahoochee basin, the young archaeologist will go to Cartersville and from that point search along the Etowah river region from Hightower to the Alabama border for evidence of what the head of Andover academy's archaeological department considers important pre-Columbian culture in Georgia.

The petition requests that the city ordinance be declared null and void by the federal court as an unconstitutional measure. The plaintiff cites that J. P. Hyden, an agent of the company, was arrested in Fayetteville on a charge of violating the ordinance while delivering coffee to Fayetteville in a truck, and that Hyden was required to put up a \$25 cash bond for "doing business without a license."

The coffee company claims that the local authorities have no power to interfere with interstate commerce, and that its coffee is handled in interstate commerce from New Orleans to Fayetteville by way of Atlanta. Repetition of the Hyden arrest has been threatened by Fayetteville unless the occupation tax is paid, the company alleges. Federal Judge Samuel H. Sibley signed an order requiring the city of Fayetteville to show cause in court here on February 4.

WIDOW, PARAMOUR WIN TRIAL VICTORY

Homer, La., January 30.—(AP)—Mrs. Essie Jowers and J. Elisha Swift, Haynesville housewife and soft drink salesman, respectively, were brought into court here today to go on trial for murder in connection with the slaying last October of J. Frank Jowers, the woman's ex-minister husband, but the few hours' session was devoted to legal pyrotechnics, in which the defense came off victor, without an effort towards obtaining a jury.

The defense victory came when Judge John S. Richardson, in ruling on a defense motion, held himself competent to pass on the sanity of the defendants. The move caught the prosecution off guard as it was thought insanity had been eliminated as a possible defense three weeks ago when a lunacy commission appointed at the request of the defense, declared Mrs. Jowers and Swift sane and responsible for their act. Although there was no appeal from the report of the lunacy commission, the decision of Judge Richardson can be taken to a higher court.

Mrs. Jowers and Swift were apparently cheerful through the court session. They did not speak. Swift is alleged to have slain Jowers while the latter slept on the night of last October 31 in order that he might continue his alleged relations with Mrs. Jowers. In a confession he admitted dealing Jowers a fatal blow with a sledge hammer. He said Mrs. Jowers held a light for him to direct his blow by, which was corroborated by Mrs. Jowers' confession, officers said.

Atlanta Grocers Will Entertain National Leader

John Coode, of Nashville, president of the National Association of Retail Grocers; Charles H. Janssen, of St. Paul, secretary-manager, and H. C. Peterson, of East Chicago, Ind., a director of the national organization, will be principal speakers at a mass meeting of retail grocers at 8 o'clock tonight in the assembly hall of the Throver building.

The delegation will arrive in Atlanta Tuesday morning for a number of conferences with local and state officials of grocers' organizations, and delegations of grocers from other parts of Georgia will be in attendance, including H. C. Kleeman and J. F. W. Moore, president and secretary, respectively, of the Georgia Retail Food Dealers' association.

A special luncheon-meeting of the Atlanta Food Promotion club will be held in the Hotel Henry Grady today in honor of the visitors. Arthur W. Elliott, president of the club and also of the Atlanta Retail Food Dealers' association, will preside.

Representatives from local associations in Athens, Gainesville, Griffin, Macon and Savannah are expected to attend the two-day conference.

Women in the visiting delegation including Mrs. Janssen, wife of the national secretary-manager, will be entertained during their stay by the wives of local grocers.

MORE ABOUT "PROPAGANDA."

On this page are three communications relating to a recent Constitution editorial under the title "Perfidious Propaganda."

The editorial referred to denounced the propaganda that is being broadcast in an effort, apparently, to arrest the movement of eastern textile plants to the south.

It referred again to the "appeal" that was written by or at the instance of Bishop James Cannon, Jr., of Washington, and signed by a number of southern clergymen, many of whom subsequently withdrew their names.

One of the foremost figures in the world war suddenly passed in London early Monday morning, Earl Douglas Haig, British field marshal, died from an acute heart attack.

Not only was Field Marshal Haig, cavalry leader, a great soldier—one whose name will live in history along with that of Wellington—but he was a great patriot, and a great humanitarian.

A member of the world famous old Scotch family that for seven centuries figured in the military life of Great Britain, the youngest member of outstanding distinguished service having won his laurels on battle fronts long before the outbreak of the conflict with Germany in 1914.

He commanded the British forces at the first battle of the Marne with such distinction that he was rapidly promoted from colonel to major general, a full general, and then in 1917 to the command of all the British forces in France and Belgium as field marshal.

In that position, with his dauntless courage and dependable judgment, his fame extended throughout the world as one of the greatest warriors of all times. He was resolute, commanding and at times seemed harsh and cold, but beneath his duties as a commander, "fighting to win," his heart bled, not only for his own men but for all who sacrificed and suffered and died on the fields of battle.

After the war he was voted \$500,000 by parliament, his old ancestral estates were restored to him by popular subscription, and he was elevated to a lordship by King George.

Subsequently, and until the end, he devoted his time and talents and fortune to the alleviation of suffering among the diseased and disabled veterans. He was the originator of "poppy day."

Soft, sympathetic hearts often times beat behind apparently stern and compelling exteriors.

"Bits of Us In Books."

The woman of the Hardy novels, Tess, Thomas Hardy's cousin, was interviewed shortly after the great novelist and poet's death, in her thatched cottage on the Wessex heath.

"Tom was a bright lad," she said. "He did very well, but I think he would have done better to stick to his architecture. He would have done well for himself there." "Mind you," she said, "Tom didn't do fair. He put bits of us into his books. How he did it I don't know. In the old days we lived in opposite cottages across the village street where he had a lad and a lass, and we were always together. And up to then he could never do a thing without me. I don't know how he did it, for no more than me."

"He put bits of us into a book and called it 'Tess.' He knew how I loved my parents, and he made Tess do as I did. He knew how I loved the village choir and the church, and he put us in 'Under the Greenwood Tree,' but he made me into a schoolmistress, leaving the organ, and when after was we got new views, he made me ask if I had been made love to really. He put them all in. He was full of tricks in his writings, was Tess. He could have been in a cage for a cup of tea I said to him: 'Why didn't you stick to your building and your architecture, Tom?' He would have been a good architect."

These tens of millions breathed sighs of relief, and thousands later tears of joy a few minutes later when it was again flashed that Lindbergh was not only not lost, but was flying over Bogota at the time waiting for the appointed minute to arrive to land on the field. He had braved the journey, full of hazards which others realized more than himself, several minutes ahead of time. The first flash came as a result of disordered cables.

Leaving Bogota Sunday morning he was lost in a dense fog with visibility entirely shut out. But, with a 100-mile run "out of his way" he arrived safely and soundly.

THEATER REVIEWS

JANNINGS PRAISED FOR ART; RAY TEAL SCORES AT HOWARD

The dramatic magnificence of Emil Jannings in a picture which was made for him, "The Last Command," a bare and merciless portrayal of a great soul swept from the heights of power to the depths of despair and power, and Ray Teal's presentation of "Kamenoi Ostrow," Rubinstein's beautiful musical romance, make the Howard program this week one which stands ahead of anything presented by the Public House in several months.

There will be those who are outspoken in their dislike of "The Last Command." The marvelous drama of those who regard Clara Bow as the ne plus ultra of screen merit. There will be those who shrink with perfect right, from the tragic climax which Jannings sweeps into the hearts of every viewer of the film. But there will be none who will not thrill to the marvelous dramatic force with which the great German star implants his message into the hearts of those who are fortunate enough to see the picture.

Truly, every man and every woman who appreciates great drama should see Jannings' "The Last Command." For the historic gift which he brings to audiences quite compensates for any dislike of the tragedy of the piece, and for those, like the reviewer, who care for the latter, the picture will rank as one of the finest brought to the public by Hollywood.

In like manner may one speak of Mr. Teal's "Kamenoi Ostrow." Your foot-shuffling jazz hounds may decry it, but those numbers who enjoyed Al Short's presentations in the first element of music will indeed find in Mr. Teal an eminently worthy successor in every department of the game to Mr. Short.

"Joy Bells" on the stage, as a vaudeville show is great. Every act of the "diminutive" elements of Charlotte Arren, the slapstick comedy of Douglas Wright & Co., the skill of the Roma brothers, the voice of Joseph Parsons, the remarkable dancing of Scotty Westcott, to the horse d'oeuvre of Eva Masagano and her ballet, is exceptional.

Hyde To Select Cast for Local Play This Week

With hundreds of applications for positions in the cast of The Constitution-Lowe's Grand theater follies to be staged with a cast of local amateurs at that theater the week of February 13, and with the arrival of Victor Hyde, noted director, who will supervise the production, slated this week one of the most momentous in their careers.

When Mr. Hyde arrives—the exact day to be announced in The Constitution—he will immediately select the large cast to be used in the production from those who have applied, and rehearsals will begin immediately.

Mr. Hyde is nationally famous for his facility in discovering and training amateurs. In the past he has been instrumental in starting some now in nationally famous Broadway stage stars on their careers. Hundreds of vaudeville acts point to him as the discoverer of their talent.

Any Atlanta boy or girl may still make application for position in the cast of the follies until Mr. Hyde's arrival. Application blanks may be obtained from Lowe's Grand theater.

MYRNA LOY TAKES LEAD IN THRILLING PICTURE AT METRO

"The Girl From Chicago," the feature presentation showing at the Metropolitan theater all this week, is a film which captivates its audiences from the very beginning. The plot is based on an extremely interesting drama of the underworld of Chicago, and the hands of the big city "crooks" are depicted realistically.

Myrna Loy, the leading lady, is at her best. As the daughter of an aristocratic southern family, she journeys to Chicago to rescue her brother who has gone there and who is reported to be in the clutches of an underworld gang. After many exciting adventures in the hunt for her brother she succeeds.

Conrad Nagel, dashing young man that he is, plays his role as a detective in excellent fashion. Posing as a member of the underworld organization he is able to learn their habits and habits and thereby make his mark as an apprentice of the lawless. Incidentally he meets Molly and a love affair climaxes in a companionship for life.

The cast is greatly strengthened by the appearance of William Russell and Carroll Nye, who play the part of Molly's brother.

"What Women Did for Me" is a comedy of rare humor and was thoroughly enjoyed by the audience.

Enrico Leide and his Metropolitan orchestra render many recent musical selections which add immensely to the success of the show. Metropolitan News and Views rounds out a well balanced show.

MORAN AND LOWE STAR IN PLEASING COMEDY AT CAPITOL

A pleasantly ridiculous and thoroughly refreshing comedy-romance is on view currently at the Capitol theater in "Publicity Madness," in which the delectable Lois Moran and Edmund Lowe, of "What Price Glory," are seen in the leading roles.

"Publicity Madness" tells the delightful story of one of those breezy, personable and impudent young "getters" who conceives the idea of a non-stop flight to Honolulu to advertise his firm's soap. The president of the company orders him kicked out after he presents his idea, and this is duly done.

Sore and Angry, Pete (that's his name) doesn't get a minute's rest that daredevil recklessness of his, so he dashes into a board of directors meeting of a rival soap company, the president of which has a frumpy looking daughter, and establishes himself as efficiency expert.

The first thing he does is order Violet (that's Lois) to get a haircut, get all dolled up, which she proceeds to do. He then imposes his non-stop flight idea on the company, and together with the girl and the president of the company, they fly to Honolulu in a plane piloted by the son of the president of Pete's former company.

The lubricating oil burns out, and Pete melts a cake of soap and pours it in the engine—and oh, well, it's one long laugh from start to finish.

Ted Rawls, with as thoroughly unique a method of presenting black-face comedy as Moran and Mack, headlines the Pantages bill of five acts, which also offers Miss Merle's Friends, Dave Rafael, Lorraine and Minto and Vita Negri and company.

ATLANTAN'S PLAY WITH LOCAL TALENT OPENS AT FORSYTH

The opening performance of "The Flame," a three-act drama composed by Mary Louise Booth, local authoress, was staged Monday night at the Forsyth theater before an attentive audience.

This drama, written and produced by local talent, will be featured at the Forsyth during the entire week, the proceeds being for the benefit of the Atlanta Playhouse. The play is a worthy cause for an Atlanta charity institution and deserves the cooperation of the theater-goers of the city.

Among the cast are several prominent amateur footlight stars who appeared in the recent presentations of the Drama Follies at the Forsyth.

David (Duke) Allen, of Oglethorpe university, has the leading male role and enacts his part with the experience of a professional actor.

Miss Louise Booth, local authoress, was staged Monday night at the Forsyth theater before an attentive audience.

Other leading characters in the cast are Hortense Elton, of Agnes Scott college, Clara Gray, of Morris Brown college, and Virginia Milton, of Oglethorpe university.

As an added attraction to the drama "The Flame," there will be a juvenile dance of unusual ability, some a bit with her singing and excellent clog steps. James Duncan, soloist, renders several song hits, accompanied at the piano by Mrs. George Elrod.

JESSE JAMES' LIFE DEPICTED IN FILM ON RIALTO SCREEN

The Rialto theater may well be proud of another motion picture achievement in securing for showing all this week "Jesse James Under the Black Flag."

It purports to be the only true portrayal of the life of the boldest bank bandit in the history of those troubled days in the southwest following the war between the states, when guerrilla warfare and banditry were rampant. This claim is made over the signatures of the producers and the director of the picture.

"Jesse James Under the Black Flag" was founded on actual incidents in the career of the famous outlaw, and, if true, the facts are far more exciting and thrilling than the dime fiction we read as far as the setting is concerned. Daring exploits in Missouri, Kentucky and Kansas are portrayed to the closest detail, and the star and son of the outlaw, whoches for the facts that the picture was made with the sole idea of correctly representing his father.

Paramount News and the usual other numbers are on the Rialto program.

Groundhog Will Make His Annual Pilgrimage To Outer World Thursday

Will Atlanta have six more weeks of winter, or an early spring? This question will be settled at noon Thursday by Mr. A. Groundhog when he emerges from his winter snooze to take a look at the state of the weather, according to legend. If the groundhog sees his shadow he will hustle back into his hole, and there will be plenty more winter. Otherwise, he stays outside and spring comes early, the legend goes.

Take a Look at Your Tongue

If you aren't feeling just right, go to the mirror and look at your tongue. If it's coated, your stomach, liver or bowels aren't working properly. That's a bad sign. Better get a bottle of Tanlac right away and give your system a thorough toning up. Many thousands of sufferers from all kinds of digestive ailments have written us that Tanlac has revitalized them.

Mr. Earle Payne, 15 Mason St., Brandon Mills, Greenville, S. C., says: "I was bilious, constipated, nervous, weak and without appetite. After two bottles of Tanlac I gained 10 lbs. and a fine appetite, and got rid of all my ailments."

That coated tongue tells you why the least exertion tires you out; why you have pains in the bowels, gas, sour stomach and dizzy spells; why you have no appetite and can't sleep. Try Tanlac and see how much the first bottle helps you. The cost is less than 2c a dose.

Tanlac contains no mineral drugs; it is made of barks, herbs and roots—nature's own medicines for the sick. Get a bottle from your druggist today. Your money back if it doesn't help you.

HAMPTON GLEE CLUB IN CONCERT TONIGHT

Plenty of excellent seats are still available for the concert to be given at the auditorium tonight by the Hampton Institute Glee club, according to reports by S. Russell Bridges, president of the Southern Musical bureau, under whose auspices this famous and distinguished aggregation is brought to Atlanta for its first visit.

The auditorium has been divided into sections for white and colored patrons for the occasion. There are 24 young colored students who make up the male chorus of the Hampton Institute. They specialize in negro spirituals and folk songs, but also include in their program many modern English songs and classics of German and Italian music sung in English.

R. Nathaniel Dett, Mus. Doc., director of the club and solo pianist, is one of the most remarkable figures of his race today. He is a doctor of music of both Harvard and Oberlin universities and is a composer of both instrumental and vocal music.

Seats for tonight's performance may be secured before 6 o'clock at four uptown box offices. Seats for whites are at the Cable Piano company and Phillips & Crew Piano company, while colored reservations may be had at the Yates & Milton pharmacy, Auburn avenue, and the Butler street Y. M. C. A. The seats will be on sale at the auditorium from 7 o'clock until the time of the concert, 8 o'clock.

TOBACCO MEN SEEK SAME FREIGHT SCALE

Tobacco interests Monday appeared at the hearing of the Southern Freight association here with a request that present commodity or special rates on manufactured tobacco be continued, irrespective of the new class rates which went into effect throughout the south on January 15.

The carriers took the demand under advisement, and at the conclusion of Monday's session of joint shipper-carrier hearings for revision of less than carload lot commodity rates announced that they had agreed to discuss rates on cigars and thin lumber further on February 14.

The hearings were scheduled to be completed today and C. S. Barham, president, said that few special cases would be carried over to later dates. The tobacco interests said that the new class rates would result in prohibitive freight costs for manufactured tobacco, but did not press for action of any kind on leaf tobacco or snuff.

By continuing the commodity or special rate, the southern carriers would thereby lose the difference between the new rate, which is slightly higher, and the old charge, now in effect, pending a decision.

When the big "Rose Marie" company comes to Atlanta next week to present the popular outdoor Hammett success, Atlanta people will have an opportunity of seeing one of the greatest musical comedy companies ever sent out on the road, according to Fred Jordan, advance agent of that company, who is in Atlanta making arrangements for the local engagement.

"We will bring a company here with actually 103 people on our own payroll who present this production," Mr. Jordan said. "The company which will come to Atlanta is the same company which appeared for 33 weeks at Boston, six weeks in Cincinnati and playing long engagements in Detroit, Chicago, St. Louis, Kansas City and other leading cities of the country. It will be brought to Atlanta in a special train and we expect to give Atlanta one of the most perfect musical comedy productions this city has ever enjoyed."

The "Rose Marie" company, one of the most prominent musical comedy artists in the country, Miss Bonah Burton plays the leading role of "Rose Marie," and she has played this part for three years. Paul Bonah, leading man and principal tenor, has appeared with this same company for four years, as has Miss Hazel Guadagnoli, principal dancer. Back of the principals is a company composed of a chorus of attractive young girls selected both for their beauty and for their ability to sing and dance.

"To assure a performance that can be enjoyed to the utmost we will bring an orchestra of 24 pieces which will play the score," Mr. Jordan said. Mr. Jordan is a veteran of the amusement business, having served as agent for such notable successes as "The Winner Takes All," "Listen Lester," Olga Petrova, and for three years with Channing Pollock's famous production, "The Fool." He will remain in Atlanta until Wednesday of next week.

HIGHWAY PAVING MEETING CALLED IN DECATUR TODAY
Plans for proceeding at once with a program of organization along the route of U. S. Highway 12 highway from Atlanta to Augusta to secure the earliest possible paving for this highway will be discussed at a meeting to be held Tuesday evening in the courthouse in Decatur, when the recently formed branch of the American Automobile association will assemble to perfect its organization.

The meeting has been called by Commissioner L. T. Y. Nash, of DeKalb county, who has acted as temporary chairman of the branch since the preliminary steps were taken in December for its final formation. A permanent organization will be set up Tuesday evening, and a number of matters of importance transacted. The meeting will be called to order at 7:30 o'clock.

GREGORY BADLY HURT IN FALL FROM CAR
John L. Gregory, well-known advertising man, who has been connected with the business department of The Constitution for many years, was at the Georgia Baptist hospital Monday afternoon in a serious condition as the result of injuries sustained when he fell while alighting from a street car Friday near his home, according to members of the injured man's family.

X-ray pictures taken at the hospital revealed that Mr. Gregory was suffering from a fractured hip, it was said. Mr. Gregory is 65 years old. Mr. Gregory was expected to be taken home Monday night or this morning. Members of the family are anxious to have any one who saw the accident get in touch with them. The accident occurred between 7 and 7:30 o'clock Friday night at the car stop near 1054 Broadway avenue, where Mr. Gregory resides.

Here's Your Chance To Win \$2,000.00

THE ATLANTA CONSTITUTION'S "COW" FIGURE GAME

\$2,000.00 First Prize—\$1,000.00 Second Prize—\$500.00 Third Prize

Twenty-five Cash Prizes in All—
Amounting to \$4,515.00

THIS CONTEST CLOSSES WEDNESDAY, FEB. 8

These big cash prizes are going to be given away to the lucky winners, and no one has a better chance than you if you will only make the proper effort. The object of the game is to see how much you can make the "COW" weigh by filling inside of the border representing the cow with figures "9."

How Much Can You Make the "COW" WEIGH?

THAT'S THE PROBLEM!

Try Your Hand at It by Writing the Figure "9" as Many Times as You Can Inside the Borderline of the "Cow."

Begin now on the game by clipping out the "cow" picture and start with lead pencil to filling in with the figure "9." You will find it absorbing fun, and every "9" that you write in the "cow" figure takes you further on your way to the big cash prizes that are to be given.

Be sure that the "9's" do not touch each other, nor touch the border of the cow. You may have additional copies of the "cow" picture by writing to the Cow Contest Dept., enclosing a stamped-return envelope. The extra copies, however, will be on the same grade of paper as this is printed on.

You have a chance to earn \$35.00, \$250.00, \$1,000.00 or \$2,000.00, as explained and shown in the Prize List.

How to Win \$2,000.00

It is not necessary to send a subscription, but by qualifying your entry into "How much can you make the cow weigh" game with one or two subscriptions, you can increase the amount of the prize money that you will receive if you are a winner. For instance, the first prize is \$35.00, but if winner of first prize has qualified with one six months' subscription, the prize will be \$250.00 instead of \$35.00. If qualified with one year's subscription the prize will be \$1,000.00 instead of \$250.00, or if qualified with two annual subscriptions the prize would be \$2,000.00 instead of \$1,000.00, and so on with proportional increases throughout the entire prize list. In all there are 25 prizes, as shown in this announcement.

\$35.00 Will be awarded to the winner of first prize (the person having the largest sum total in the cow picture) if no subscription is sent to the daily and Sunday Constitution.

\$250.00 Instead of \$35.00 will be awarded to the winner of first prize provided one six months' subscription to the daily and Sunday Constitution with \$5.00 remittance is sent, new or renewal; second prize \$200.00, third prize \$100.00, etc. (See second column in prize list.)

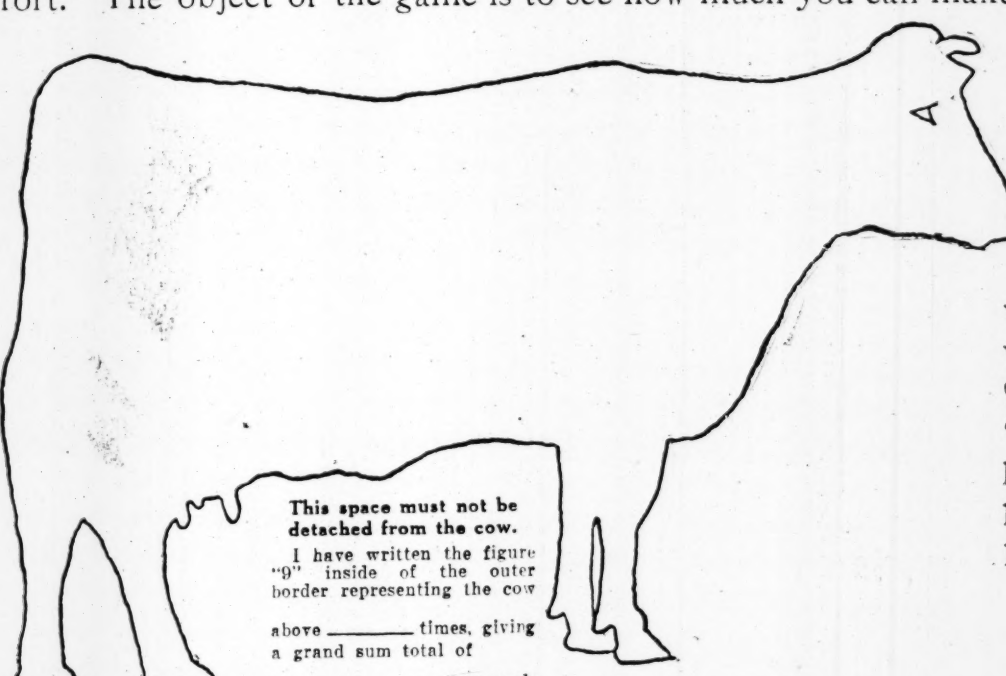

\$1,000.00 Instead of \$250.00 will be awarded to the winner of first prize provided one annual subscription, new or renewal, to the daily and Sunday Constitution is sent with \$50.00 remittance.

Sunday Constitution is sent with \$50.00 remittance, third prize \$250.00, etc. (See third column in prize list.)

\$2,000.00 Instead of \$1,000.00 will be awarded to the winner of first prize, provided two yearly subscriptions to the daily and Sunday Constitution are sent, one of which must be new, at \$50.00 each. Total remittance \$100.00, second prize \$1,000.00, third prize \$500.00, etc. (See last column in prize list.) Be sure to write your qualifying subscription on a separate sheet of paper from the "Cow" picture, giving your name and address as well as the name and address of each subscriber. Remittance should be sent by money order, personal check or bank check. Currency should always be registered.

Observe These General Rules of the Contest!

- All bona fide residents of Georgia and adjoining states may take part in this contest, except employees of The Atlanta Constitution and members of their families.
- Contestants may submit as many different solutions as they desire, provided payment of one of the three amounts designated in the prize list shall accompany each solution. The figures "9" need not be perfect in shape, but must be complete. Write as small as you like with any ordinary lead pencil of standard make—just so each "9" is fully shaped. Figures cannot touch each other, nor are they permitted to touch any part of the borderline forming the shape of the cow.
- Any lead pencil may be used. All writing or drawing pens of artists or engineers or their like are barred, as ink cannot be used on this grade of paper without blurring. The figures "9" need not be perfect in shape, but must be complete. Write as small as you like with any ordinary lead pencil of standard make—just so each "9" is fully shaped. Figures cannot touch each other, nor are they permitted to touch any part of the borderline forming the shape of the cow.
- Copperplate type, shorthand, reproductions or reductions are barred; also duplicates of the original. Every "9" must actually be made by hand with any ordinary lead pencil of standard make, and must be discernible to the naked eye, meaning clear and distinct to a person of average good eyesight or equivalent. The natural eye by those who do not wear glasses, and ordinary reading glasses by those who wear glasses only guide allowed in filling in the figure "9." A "9" with either straight or curved tail is permissible.
- Every contestant must give the correct total of the weight of the cow in the answer submitted by him. Incorrect statement disqualifies the solution. This weight of course is the sum total of the "9's" he has written in the figure representing the cow. This is important! Your name and complete address must be plainly written on margin of sheet on which your answer is given, or blank printed for that purpose, or a blank of your own selection attached hereto.
- In case of ties, while there is hardly a chance in 10,000 of a tie, as many awards will be reserved as there are people tied. Before any solution is accepted for less correct solutions, another puzzle will be submitted to those tied on the same order of tie, except a smaller "cow" picture, after which should ties still result, each contestant will receive the full amount of the prize tied for.
- Only one prize will be awarded to a person, household, or group of persons. Any person or household, or group of persons submitting duplicates are barred.
- The decision of The Atlanta Constitution must be accepted as final and conclusive in all matters, and participants by sending in their answers agree to accept the decision of the contest manager of The Atlanta Constitution as conclusive and final.
- The Atlanta Constitution reserves the right to reject at any time any contestant whom it believes has violated the rules. The solution of the winner of first prize will be reproduced in The Constitution, together with the published result, which will be published as soon as possible after the closing date of the contest.
- All answers will receive the same consideration, regardless as to whether or not a subscription for the daily and Sunday Constitution be sent in.
- The contest is open to new and old subscribers alike. The regular subscription rate of \$5.00 for six months subscription or \$9.50 for 12 months subscription to the daily and Sunday Constitution will prevail in this contest. Full amount of subscription must be remitted in every instance. When sent through an agent, postmaster, or otherwise, no commission can be deducted. In column 2 of prize list, six months' subscription there referred to can be either new or renewal; column

Closing Date

The "How Much Can You Make the Cow Weigh" Game Closes

WEDNESDAY, FEBRUARY 8TH, 1928

No Solution Can Be Changed After It Has Once Been Registered.

If you find that you can make the cow weigh more than the first solution, which you sent, the only way you can do is to send in another solution, which must be qualified independent of the first solution submitted. In other words, the qualification of one solution already submitted cannot be transferred to a later solution.

Important Facts to Remember!

While the amount you pay with the solution does not have any effect on your winning an award, it does affect the amount you will receive should you win one of the awards, as the value of these awards is determined by what the winners pay. This is explained in the prize list, which you should study carefully before sending in your solution. Address your solution, remittances, etc., to the Contest Manager, Daily Constitution Dept., The Atlanta Constitution, Atlanta, Ga.

THE PRIZE LIST

Note: The value of the prize depends on how much you pay on your subscription with your solution of the figure puzzle. The amount paid will be applied to the daily and Sunday Constitution. Daily only, or Tri-Weekly payments, not accepted in this "COW" figure contest.

3, 12 months' subscription, \$9.50, can be either new or renewal. Column 4, requiring two annual subscriptions, one can be a renewal, but one must be new. A new subscription means one who is not now taking the daily and Sunday Constitution, directly or indirectly through any source, and has not within the past 60 days.

13. Subscriptions secured by the means of this contest in Atlanta and suburbs will be delivered by carrier service. In towns outside of Atlanta, where The Constitution has carrier delivery service, the paper may be delivered by carrier, upon request of the subscriber or contestant; otherwise the paper will be sent by mail.

14. A person who is now taking the daily and Sunday Constitution, and paying the carrier or agent by the week or month, or otherwise, may send or bring directly to The Constitution a six or twelve months' payment to qualify a solution. Whatever is due each carrier, dealer or agent at that time must be paid to him as the remittance sent us will date from the date it is received. The carrier or agent will be notified by The Constitution of such advance payments. If all arrearages are not paid, the solution may not be considered valid. Renewals on mail subscriptions will be extended for the length of time paid for from present paid date of expiration. All qualifying subscriptions in this contest must be paid in advance.

15. Contest closes Wednesday, February 8th, 1928. All solutions delivered in person must be at The Constitution office by 9:00 p. m. of that date, but may be mailed any time before midnight. Solutions mailed at any post office in Georgia and adjoining states bearing postmark of no later date than midnight, February 8th, 1928, will be accepted if rules governing same are complied with. The contest extends from Wednesday, January 4th, 1928, to and including Wednesday, February 8th, 1928. Five days will be given thereafter for those who have not fully qualified for the larger prizes to do so, after which no further qualification remittances will be accepted.

The above rules are simple, easy to understand, and is all the information that can be given on the contest, which appears in the announcement of which this is a part. (Copyrighted, 1928, by The Atlanta Constitution.)

JUGGERNAUT

By Alice Campbell

Esther Rowe, a young nurse, having accompanied an invalid from the United States to Cannes on the Riviera, is about to return directly to New York when she sees an advertisement in the paper for a nurse and doctor's assistant and she decides to apply for the job, in order to spend a little time in Cannes.

INSTALLMENT II. A FAMILIAR FACE.
Dr. Sartorius examined Esther's passport and hospital certificate, not omitting to look at the libelous photograph on the passport.

"Still, these are not really sufficient, Miss-Miss Rowe. They tell me nothing of your reputation, your character."
"I'd thought of that," she replied quickly. "I've got a letter written by Miss Ferriss, the patient I came with. She's known me for several years."

"Ah! And how am I to know you didn't write the letter yourself?"
She was on firm ground now.

"I'd thought of that," she replied quickly. "I've got a letter written by the manager of the Carlton hotel and deposited it with him. She suspected that his opinion of women was low."

"I see. Of course it won't tell me what I chiefly want to know, but I'll look it up. What I must have, and he brought his hand down weightily on the table, "is accuracy. Accuracy and precision. . . You see, I shall want you sometimes to help me in the laboratory."

"I thought you were a scientist," he looked at her with a flicker of interest.

"O! Why did you think of that?" She felt confused.

"I'm not quite sure. Something about you suggests a scientist. I worked one summer with a Rockefeller institute man who was doing research. Perhaps that's why."

"What was he?"
"Dr. Blumenfeld. He was working on infantile paralysis."

He nodded. "Blumenfeld? Yes, I know him. He's on the wrong track. Slowly he hoisted his big body up out of the chair, giving the impression that the interview was finished."

"What am I to understand, then, doctor? Do you think you felt oppressed. Her eyes glimmered on his rather ugly, flatish forehead, which somehow fascinated her. He appeared to be thinking of something else and trying at the same time to bring his attention to bear on the problem of the moment."

"Ah, yes. I'll probably let you know this evening, after I've seen that letter. What is your address?"
She gave him the name of her small hotel and he wrote it down. Then suddenly she recalled the question of salary, which has escaped his notice altogether.

"One thing more, doctor. You haven't told me what you pay."

He mentioned a sum in francs; she put it quickly into dollars. It was a much smaller amount than she made in America, but she thought she could live on it. After all, wasn't it worth a little managing to stay on in this beautiful, sunny place?

"You'll get your lunches here—and your tea," the doctor informed her.

He moved towards the door, plainly anxious to be rid of her. It crossed her mind that seldom had she seen a medical man with a less genial personality. She found it an effort to answer naturally, suddenly wondering what it would be like to have her lunch in this house, and whether she had to have it with him.

"All right, doctor. I won't look further till I've heard from you."

At the front door she looked up at him and was about to bid him good-bye, but one glimpse at his door, her occupied face made her change her mind. Still it was so inhumanly her habit to be trusting and friendly that on the doorstep she turned to shed on him her candid smile—only to find the door already closed. The rebuff was like a cold shower; it made her catch her breath. And she made a bad impression on the man? Did he consider her rather confiding simplicity unbusinesslike? She resolved hastily to cultivate a severer demeanor for European use.

"Never mind," she reflected philosophically. "I have a feeling I'll land the job, which is the main thing. And as for the doctor—however queer he is, he'll be safe in one respect—he'll never make love to me!"

This, in her eight years' experience on her own, she had learned to consider. Not that all doctors and male patients made love, but there were a sufficient number who did, in spite of what certain invidious colleagues might say about girls' getting only what they asked for.

For a moment she looked up at the house, its red brick front and pointed door so blank and noncommittal.

New York, January 30.—(AP)—A sharp opening advance in the cotton market today was followed by reactions which carried prices into new ground for the movement, but losses were partially recovered in late trading. May sold off from 17.81 to 17.72, and closed at 17.65, compared with 17.55 at the close Saturday. The general market closed steadily, at net advances of 10 to 20 points.

The market opened firm at an advance of 10 to 15 points and sold about 25 to 30 points net higher in early trading on covering and fresh trade or commission house buying, stimulated by relatively firm Liverpool cables, nervousness over the pink boll worm situation in parts of west Texas and a theory that recent declines might tend to check the expected increase in acreage.

March sold up to 17.70 and October to 17.50, but offerings increased at those figures, while demand seemed to taper off somewhat, and the mid-day market weakened.

A large volume of southern selling was attributed partly to the hedging of cotton previously carried without such protection in the south, while it seemed the trade buying noted at the opening had failed to follow the early advance. As the market weakened, local selling became more aggressive and stop orders were uncovered, local brokers reporting further liquidation of old crop cotton as well as selling by some of Saturday's buyers.

March broke to 17.17 and October sold off to 17.05, net declines of about 20 to 28 points on the old crop and of 15 points on the new. Offerings subsided at these figures, which represented a decline of about 268 points from the high level of last month in the case of May contracts. There were rallies late in the day on a renewal of covering and trade buying.

Closing quotations showed recoveries of about 20 to 40 points from the low level of the afternoon. Reports that notwithstanding the cold weather early this month, there was still danger of boll weevil damage to the coming crop, were regarded as a contributing factor in the advance.

Private cables reported trade calling covering and buying for a reaction in Liverpool, but that the Manchester cotton goods trade was depressed with business restricted. Exports today 19,928 bales, making 4,568,464 so far this season. Port receipts 22,850. United States port stocks 2,379,081.

Corn closed firm at the day's top level of prices, 34 cents to 1-1/4 cents net higher, with wheat at 1-1/8 cent to 1-1/2 cent decline, and provisions varying from 17 to 20 cents decline to a rise of 12 cents.

At first the corn market was inclined to sag, but selling pressure failed to develop to the extent which in general had been looked for. Indications were that rural holders had become cautious, and were diminishing tenders of corn that under ordinary circumstances would be handled on a "to arrive" basis. Besides, early estimates of today's receipts were much smaller than those expected.

It soon developed, moreover, that regardless of the amount of today's arrivals of corn for buying, a demand for the better kinds of corn was in excess of the immediate supply. Much notice, too, was taken of current 1927 figures that 1927 corn production in 20 countries now stand at 3,316,770,000 bushels against 3,405,413,000 bushels in 1926.

Meanwhile, the trading basis for good grades of cash corn went up 1 cent to 3 cents, whereas low grades were at 2 cent decline to 1 cent advance. Most sentiment was further stimulated toward the last by the fact that despite big receipts the stock of corn in Chicago showed 172,000 bushels, actual falling off for the week and is now 9,553,000 bushels compared with 21,537,000 bushels a year ago. The final estimate of today's arrivals in Chicago was 1,160 cars.

Show in districts where moisture is needed for domestic winter wheat did a good deal today to send wheat values down, and so likewise did Liverpool quotations lower than due. The amount of wheat on ocean passage increased more than 4,000,000 bushels, and today's export business from North America totaled only about 200,000 bushels. Oats had a narrow price range and trade taken was a whole sale light.

For the most part provisions were easier, largely as a consequence of scattered liquidating sales of lard.

DEMAND FOR CORN ADVANCES PRICE

Chicago, January 30.—(AP)—Brisk demand for good grades of corn and scantiness of rural offerings, after the corn market today, notwithstanding receipts here were the largest this season. Wheat went lower because of selling ascribed in part to European account.

Corn closed firm at the day's top level of prices, 34 cents to 1-1/4 cents net higher, with wheat at 1-1/8 cent to 1-1/2 cent decline, and provisions varying from 17 to 20 cents decline to a rise of 12 cents.

At first the corn market was inclined to sag, but selling pressure failed to develop to the extent which in general had been looked for. Indications were that rural holders had become cautious, and were diminishing tenders of corn that under ordinary circumstances would be handled on a "to arrive" basis. Besides, early estimates of today's receipts were much smaller than those expected.

It soon developed, moreover, that regardless of the amount of today's arrivals of corn for buying, a demand for the better kinds of corn was in excess of the immediate supply. Much notice, too, was taken of current 1927 figures that 1927 corn production in 20 countries now stand at 3,316,770,000 bushels against 3,405,413,000 bushels in 1926.

Meanwhile, the trading basis for good grades of cash corn went up 1 cent to 3 cents, whereas low grades were at 2 cent decline to 1 cent advance. Most sentiment was further stimulated toward the last by the fact that despite big receipts the stock of corn in Chicago showed 172,000 bushels, actual falling off for the week and is now 9,553,000 bushels compared with 21,537,000 bushels a year ago. The final estimate of today's arrivals in Chicago was 1,160 cars.

Show in districts where moisture is needed for domestic winter wheat did a good deal today to send wheat values down, and so likewise did Liverpool quotations lower than due. The amount of wheat on ocean passage increased more than 4,000,000 bushels, and today's export business from North America totaled only about 200,000 bushels. Oats had a narrow price range and trade taken was a whole sale light.

For the most part provisions were easier, largely as a consequence of scattered liquidating sales of lard.

New York, January 30.—(P)

Prices in the bond market today were

generally steady, but the undertone

was one of hesitancy. Trading was in moderate

volume and an atmosphere of hesi-

tancy was due to continued unsettled-

ness of the money market. Attention

of most bond traders was riveted on

the federal reserve system's rediscout-

ing policy following recent sharp reduc-

tion in holdings of government securi-

ties.

Following announcement of the

oversubscription of the \$12,000,000

issue of "Terre" Italian public utility,

Pirelli 6s advanced nearly 2 points,

but failed to hold all their gain. Heavy-

ness of some German issues may have

been influenced by rumors of some

formidably new offerings, including

one of 5,000,000 for the Gelsenkir-

chener Bergwerks, a large coal and

iron company. Other foreign securi-

ties were fractionally irregular.

Slight recessions were made by sev-

eral of the leading railway mortgages,

the Chesapeake and Potomac, the

Erie, the Rock Island 4-1/2s and some

of the St. Paul issues. Several of the

convertibles, influenced by selling on

the big board, were down a point or

more, notably Andes Copper, Brook-

lyn Union Gas 5-1/2s and Botany

Mills 6-1/2s. Anglo Chilean Nitrate

7s and packing company, 6s, 6s, 6s,

gave good accounts of themselves.

Little note took place in the fed-

eral government division, in which

prices tended slightly downward.

Large offerings of fourth Liberty

4-1/2s in the last few minutes of trad-

ing were absorbed around 103 1/2-10,

and 103 1/2-10, Saturday's closing.

Public offerings will be made to-

morrow of \$17,000,000 Greek government

6s, part of the 9,000,000 pounds ster-

ling stabilization and refugee relief

1928, approved by the League of Na-

tions council. They will be priced to

yield about 6.65 per cent.

Tick-tocking into February

If you've been congratulating yourself, thinking that winter is over and your coal pile won't need replenishing, this will serve as a gentle reminder that the worst perhaps is yet to come!

The worst part of the winter, we mean, of course. If you will let us supply you with the kind of coal best suited for your purpose, we can assure you that the worst of your heating troubles will certainly be over.

Place your order now and enjoy the satisfaction of knowing that when winter returns from its vacation of the last few days, you'll have plenty of the right kind of coal on hand.

The kind of coal which gives an abundance of heat . . . the only kind of coal which combines heating comfort with fuel economy!

Our yards are so located that we can make prompt delivery to any section of the city or suburbs.
